**To whom it may concern**

I have just had the pleasure of working with Mandy Whitten of Weensyweb Designs on the design and construction of my Business's Website.

I knew the feel I wanted - but had no idea how it could be achieved.

I thought I knew what it should look like - but needed guidance.

I wanted something special and unique - but exactly what I was not sure.

Speed of downloading, minimal scrolling and ease of navigating were paramount.

Mandi achieved it all with ease.

She coped with my endless suggestions and indecision - and took them on board to create what you see on [www.organicmarket.com.au](http://www.organicmarket.com.au)

Thank you Mandi - I am one very happy client.

Grahame Murray  
Owner  
The Organic Market & Cafe.
