To whom it may concern,

I felt guided to changing web designers after seeing the beautiful work of Mandi Whitten...I was fortunate to come across WEENSYWEB DESIGNS business card - the only one left from a pile - and intuitively knew it was for me.

Mandi's work was like nothing I had ever seen before.... unique and a lot of attention to detail.... just gorgeous!

As my work is unique Mandi was the ideal choice for me and I was not disappointed....

After our first meeting, discussing the nature of my business, creative ideas and how I could possibly see things coming together, I knew straight away Mandi was completely in tune with my needs.... there was like an unspoken language and I felt relieved.... I immediately trusted that she would deliver beyond my expectation.... and she did!

Mandi is highly professional and thorough...she gives 100% and had no problem when changes were required.... everything was completed in a timely manner and she was incredibly patient with me and my idiosyncrasies 😊

I have received hundred's of wonderful comments, from all over the world, on all of the work Mandi has done for Evolution coaching. Mandi comes highly recommended for any web design work or anything attractive and creative required when it comes to business.

Thank you Mandi

Love and Blessings to you, Rarnee Kernick – Evolution coaching
