

TO WHOM IT MAY CONCERN

Two years ago I approached Mandi Whitten to design and maintain my web site. She discreetly and professionally interviewed me, supplied me with a questionnaire and found out more about my business and needs. With this information and many original and creative ideas of her own, Mandi produced a very striking and 'user-friendly' web site in which I take much pride. I have had countless comments from users of the site as to its effectiveness and its engaging style.

Throughout our association, Mandi has been pro-active in suggesting improvements, updates and extra features. Since I have limited knowledge and confidence in such matters, it has been a great reassurance to know that she constantly keeps a watch over the site.

On a personal level, I have found Mandi to be a very easy person to deal with, she explains her work clearly in a non-patronising way and is very prompt and efficient in producing the work. Her honesty and integrity are also important to me and I have the utmost faith in her creative talents and effectiveness.

I have no hesitation in recommending Mandi Whitten to you as a fine artist and a thoroughly professional business woman.
